

YOLO COUNTY DEMOCRAT.

The Little Foot.

There's magic in a lady's foot,
And well the ladies know it;
Is pretty sure to show it;
At times you, too, are martyred by
The nicest little ankle.
That shoots an arrow thro' your eye,
Within your heart to rankle.

But when it trips along the street,
Thro' wind and mud and vapor,
By sheerest accident you see
How beautiful its taper,
And see it steps along the walk,
Amid the crowd to mingle,
Two roughish eyes look up and say
I wonder if he's single.

ADVANTAGES OF BEING POOR.—A poor man never has any taxes to pay. He can sit down and laugh the assessors to scorn, and read off the big appropriations made by councils with a feeling of indescribable exultation.

A poor man can enjoy life. He lives in a rented house; and it needs not worry him any to see it abused, and his equanimity need not be disturbed if it burns down.

A poor man can repose on the bosom of his family and know that there is not any avaricious young man prowling around after his rich daughters.

Nobody wants the poor man to die; nobody is lying around in misery and impatience waiting for him to die so as to absorb his funds.

Another thing—no poor man is ever worried by debt, for nobody will ever trust him, and when he does not see a greenback he heartily enjoys it.

AN OLD-FASHIONED CHEROKEE, named More, was riding on horseback one stormy day, enveloped in a loose cloak of large proportions, and having a bright scarlet collar. By the action of the wind the cloak was tossed about in all directions, when a gentleman rode up on a spirited horse which shied, and almost threw the rider.

"That cloak of yours would frighten the devil," said the gentleman.

"You don't say so?" replied Mr. More; "why, that's just my trade."

A doctor was much annoyed by an old lady who always stopped him on the street to tell him over her ailments. Once she met him when he was in a great hurry.

"Ah! I see you are quite feeble," said the doctor. "Shut your eyes and show me your tongue."

She obeyed, and the doctor moving off, left her standing there for some time in this ridiculous position, to the infinite amusement of all who witnessed this funny scene.

"WATER, is this a spring chicken? Most remarkable bird, so far as he can learn, the Unitarians don't care what a man believes if he only does well; the Presbyterians don't care what a man does if he only believes; the Episcopalians don't care what a man does or believes if he only belongs to their church."

A doctor who, at the end of a philosophical profession of unfaith, proclaimed his belief in a future existence, was thus answered: "I am not surprised, Doctor, at your materialism, and that you should think your patients too effectually killed ever to come to life again."

A FORTIFIED FELLOW advised a friend not to marry a poor girl, as he would find matrimony with poverty "up hill work."

"Good," said his friend; "I would rather go up hill than down hill any time."

A SUBSCRIPTION paper was recently circulated in a rural parish, with the following object in view: "We subscribe the amount opposite our names for the purpose of paying an organist, and a boy to blow the same."

"You see, Madam, persists in doing nothing," says the director.

"Then," replies the woman, by no means disconcerted, "you should give him the prize for perseverance."

AN UNNATURAL WOMAN at Saratoga says that "some women dress to please each other; some to please men; but the most dressy women don't dress to please anybody; they dress to worry women."

AN EDITOR, describing a church in Minnesota, says: "No velvet cushions in our pews; we don't go in for style. The fattest person has the softest seat, and takes it out with him at the close of the services."

A CHAP from the country, stopping at one of the hotels, sat down to dinner. Upon the bill of fare being handed to him by the waiter, he remarked that he didn't care about reading now—he'd wait till after dinner.

A MAN roasted in the top of a maple tree four hours in New Haven in compliance with the terms of an election wager. The winner sat on the curb-stone to see that he performed the task.

NEW SASS FOR DUMPLINGS.—A Yankee wishing for some sauce for his dumplings, forgetting the name of it, said: "Here waiter, fetch me some of that gravy you yallow your dumplings in!"

A LITTLE FELLOW was eating some bread and milk, when he turned around and said: "O, mother, I'm full of glory! There was a sunbeam on my spoon, and I swallowed it."

"See here, mister," said an Irish lad of seven summers, who was driven up a tree by a dog. "If you don't take that dog away, I'll eat up all your apples."

THE MAN who invented the ink with which greenbacks are printed made an immense fortune, as the chemicals of which it is made can neither be photographed or turned black.

IT IS A GOOD THING for Seymour, that he was not elected, for if he had been, he would now be charged by the Mongrels with the high price of coal.

THE SIX NEGROES of New York quite generally adopt the "Grecian Bend." Ought it not to be called the "Black Crook?"

AN EXCHANGER says he can always tell what sort of a woman a man married by the way he uses his printer.

PAT AVIER.—Out-away coats.

\$1,000 Reward for its Equal!

THE NEW WHEEL SEWING MACHINE!

Just completed, in **STEEL** MACHINE, and combining in ONE the good of ALL!

This most enterprising Company has certainly brought out

THE BEST SEWING MACHINE EVER MADE!

And indeed is the ONLY New Sewing Machine, of any kind, manufactured for the last eight years. Even a superficial observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

EASE OF MOTION AND MANAGEMENT.

It has few pieces, and all of steel. It makes the complete "Lock stitch," the same on both sides, which will not unravel. Every Machine is warranted to sew from

Thinnest Lace, to Double Harness Leather! and of course can never be got out of order by "hard sewing." All repairs free of charge. Prices same as others.

PLEASE NOTICE.

The claims of the Florence Company for the First Premium at the great Paris Exposition of 1877, though securing free in letter, is really false in spirit and intent, and calculated greatly to deceive the public. Although it did receive the Silver Medal—that being the highest award given—it was not awarded the FIRST PRIZE! This was awarded the **WHEEL Sewing Machine**, and to the **WHEEL** only, as being "first in the order of merit." The second place was given to an European Machine, and only the third to the Florence! But the claim of the Wheeler & Wilson Company, at this Fair, is a great outrage, both as to letter and spirit; at least so much of it as pertains to their Gold Medal upon their Family Machine, which, to speak plain, is purely imaginary, they having received—as is well known—their Gold Medal on their "Button-hole Machine," but nothing at all on their "Family Machine;" not even a bronze medal, nor indeed (what is worse) even an "honorable mention." (See official report.) See also, to the new **WHEEL Sewing Machine**, Illinois, New Hampshire and New York, for 1877, at each of which the **WHEEL** received the highest premium given. And so also at other Fairs, and indeed wherever the Company sent, at one to exhibit the "strong points" of this really magnificent Machine.

HEIMBOLD'S BUCHU.

The only Known Remedy

—FOR—

Diabetes, Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most distressing symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Heimbold's Buchu will relieve you.

Physicians and Others

PLEASE NOTICE.

I make no secret of ingredients. Heimbold's Extract Buchu is composed of Buchu, Cubebs and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

These ingredients are known as the most valuable Diuretics afforded. A Diuretic is that which acts upon the Kidneys. Heimbold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

"Buchu. Its odor is strong, diffusive and somewhat aromatic, its taste bitter, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, and irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic, of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelphia.

Mr. H. T. HEIMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicine agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys; and the reputation it has acquired, in my judgment, is warranted by
